## POSTMASTERS GALLERY NEEDS YOUR HELP!

On a murky Saturday, December 13, 1984 in the heart of East Village in New York City Postmasters Gallery was born.

With our 30th birthday quickly approaching we have a plan.

Since throwing a party for yourself seems fundamentally wrong, at least in our book, we would like to find AN ARTIST in New York area who was also born that day and give him/her The Biggest Birthday Party Ever.

- Cake.
- Presents.
- Food and drink.
- Music.
- Surprises.
- The works.

**PLEASE** help us find that artist!

Check your Facebook birthday reminders for December 13th, 1984.

Are you Class of 2006? Maybe you got your MFA in 2008 or so?

The birthday party artist might be lurking in your social media network right now!

Surely an artist was born that day.
